## Oldest Citizen Of County Dead

**Aaron Bible is Dead From La Grippe at His Home in Del Rio.**

Aaron Bible, aged 98 years, probably the oldest citizen of Cooke county, is dead near his home, seven miles from Del Rio. Uncle Aaron, as he was known, was one of the familiar characters of the First district and was one of those Republican whose republicanism had never been questioned. He succumbed to the ravages of la grippe which seized him some time ago and, because of his advanced age, he was unable to fight off the disease. A number of children survive, among whom is Leonard Bible, who resided in Newport for many years.

## FOR CONSTIPATION

**A Medicine that Does not Cost Anything Unless It Cures.**

The active medicinal ingredients of Rexall Orderlies, which is odorless, tasteless and colorless, is an entirely new discovery. Combined with other extremely valuable ingredients, it forms a perfect bowel regulator, intestinal invigorator and strengthener. Rexall Orderlies are eaten like candy and are notable for their agreeableness to the palate and gentleness of action. They do not cause griping or any disagreeable effect or inconvenience. Unlike other preparations for a like purpose, they do not create a habit, but instead they overcome the cause of habit acquired through the use of ordinary laxatives, cathartics and harsh physic, and permanently remove the cause of constipation or irregular bowel action.

We will refund your money without argument if they do not do as we say they will. Two sizes, 25c. and 10c. Sold only at our store—The Rexall Store. Smith's Corner Drug Store.

At a session of the Kansas senate at Topeka a few days ago the Rev. A. F. Sandal, the chaplain, requested the senators to repeat with him the Lord's Prayer. Eight senators only were able to join in its audible repetition.

Since then the chaplain has distributed copies of the Book of Common Prayer of the Episcopal church. A few days later fully half of the senators were able to repeat the prayer.

**Toronto Clears \$100,000 on 10,000 Tons Each Year.**

It is an interesting fact that waste paper can be so important a commercial factor. In Toronto, Canada, there are 10,000 tons of waste paper collected annually. For these there is received about \$100,000.

For just the ordinary waste paper the sum of \$10 a ton is paid. But for the better grade of waste paper the price has been known to run as high as \$40 a ton.

## Contestants Enter Gold Prize Contest

Indications are that Much Interest Will be Shown and Several Names Will be Published in the Issue of April 5. All Prizes go to People Living Outside of Newport.

Names of entrants for the \$50 in gold contest which has been inaugurated by THE PLAIN TALK are beginning to come into this office. There are indications that the contest will be an interesting one and that more than passing interest will be taken in the contest.

As stated in the advertisement which appears on the last page of this issue the contest will be absolutely fair to all and the contestant who brings in the greatest number of votes will land the prize. It is possible for one contestant to be awarded \$5 in prizes as the nominating prize and two special prizes will swell the total of the first prize up to that figure.

We want a contestant in each section of the county. Some of the sections

are already represented but the first to get in the race is not necessarily the one to win. The winner of the last prize contest did not enter actively into the race until the very last two days. Had there been more contestants at work, her victory would have been more difficult, and as it turned out, she was the winner by a bare 200 votes.

A good live contestant at Del Rio could pick up a large number of votes; a hustler at Cosby could do equally as well; in fact workers can secure votes without difficulty in the different parts of the country. It does not take work to get subscribers for a good paper and THE PLAIN TALK has so many good features that it is easy to secure subscribers to it.

We expect to publish a list of names in our next issue. See that your name is among those nominated. Send in your own name. Don't stand back because of embarrassment. The prize will go to the person who does the most work and who does it effectively, and no person should be ashamed to
